

LEAGUE FINISHES: 10 OCTOBER 2021

We are now resuming again, hopefully without disruption, and I believe I have included all who played 2 games in the last league or have requested entry. There are several new or returning entrants, especially in the top divisions, and I am sorry if I have placed you too high or low.

Participants only need to play one game a week and it is not fair on those who want to play if others do not respond to a request to arrange a game. I will therefore be dropping players who do not play at least 2 games in a league unless he or she is genuinely injured and asks to be in the next league.

I no longer provide a phone number list as these should be available on the Club database to all members for use on Club business.

PLEASE REMEMBER TO PUT UP YOUR RESULTS.
